SHIRLEY N. WEBER, Ph.D.

CALIFORNIA SECRETARY OF STATE

October 3, 2022

Timothy Vlach
Tenex Software Solutions, Inc.
5021 W. Laurel Street
Tampa, Florida 33607

Dear Mr. Vlach:

On Wednesday, September 29, 2022, the California Secretary of State Office of Voting Systems Technology Assessment received a request for administrative approval, pursuant to California Code of Regulations (CCR) section 20159, to apply modifications to the certified Tenex Precinct Central v5.0.0 electronic poll book system. CCR section 20159 provides that any change or modification to a certified electronic poll book system must be examined for conformance by the Secretary of State.

The Tenex administrative approval request contained one (1) modification. The modification is as follows:

Type	Description
New Feature	Include iOS 15.7

Secretary of State staff performed regression testing on the modified KNOWiNK Poll Pad system from September 29-30, 2022. Zero discrepancies were identified during testing.

In addition, you submitted the following document from Pro V&V, an Election Assistance Commission certified Voting System Testing Laboratory:

- Certification Test Report for Examination of Electronic Poll Book (ePollBook) Tenex Software Solutions Precinct Central 5.0.0 (iOS 15.7) to State of California Requirements

Based on the application, testing conducted by Secretary of State staff, and additional supporting documentation from Pro V&V, this administrative approval is granted. All other conditions of the Tenex Precinct Central v5.0.0 approval, dated May 5, 2022, remain in effect.

Sincerely,

NaKesha Robinson
Information Technology Supervisor II
Office of Voting Systems Technology Assessment (OVSTA)
