Members of the Observer Panel will be given the opportunity to observe that orderly procedures are followed in all phases of conducting this election. Panel members are needed to observe pre-election activities, including logic and accuracy testing of the vote-counting system, poll worker training classes and processing returned vote-by-mail ballots. Panelists are also invited to observe Election Day activities at the polls as well as at the County Clerk's Office. For your information and planning purposes, I have enclosed a list of tentative time-frames for each activity.

Please note that Observer Panel membership is limited to those persons who are not candidates and/or not related to any candidate running for office in this election.

I have enclosed a copy of the Official Election Observer Panel Procedures for your information.

Although being a member of the Observer Panel requires a significant time commitment, I believe it is an informative and rewarding experience and assists in my goal of ensuring the integrity and openness of the election process.

If your organization would like to have representatives as observers, please submit their names and the activities they would like to observe as soon as possible but no later than September 13, 2010, by calling 842-8084.
