Election: Statewide Direct Primary Election, June 8, 2010

SUMMARY INFORMATION – POST-ELECTION MANUAL TALLY pursuant to California Elections Code 15360.

1. Precincts were randomly selected on June 8, 2010 @ 7:16 am by utilizing our DFM Election Management System random precinct selection application. Two precincts out of 113 were tallied in their entirety. Three additional precincts were tallied for contests not contained in those completely counted. One precinct was replaced as it had too few voters.
2. Manual tally for polling place ballots and vote by mail ballots was initiated on June 10, 2010 and completed on June 14, 2010. The manual tally was conducted daily by one team of twelve including two supervisors from 8:00am to 5:00pm.
3. A breakdown by precinct of discrepancies and variances is attached to this report.
4. There are no variances to report.
5. The 100% manual tally of Edge VVPAT's was conducted on June 16, 2010. A total of 53 votes were cast in 18 precincts. There were no discrepancies between the manual count and the machine count.
6. Undervotes are reflected in the attached reports. However, no overvotes were tallied because all overvoted ballots were separated (and not counted) by the Sequoia 400C Optech Scanner for further examination.
