1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for consistent and reliable data collection processes to support effective decision-making.

3. The third part of the document focuses on the role of technology in data management and analysis. It discusses how modern software solutions can streamline data collection, storage, and reporting, thereby improving efficiency and accuracy.

4. The fourth part of the document addresses the challenges associated with data management, such as data quality, security, and integration. It provides strategies to overcome these challenges and ensure the integrity and availability of data.

5. The fifth part of the document discusses the importance of data governance and compliance. It outlines the necessary policies and procedures to ensure that data is handled in accordance with relevant laws and regulations.

6. The sixth part of the document explores the benefits of data-driven decision-making. It illustrates how data analysis can provide valuable insights into organizational performance, customer behavior, and market trends.

7. The seventh part of the document discusses the role of data in strategic planning and forecasting. It explains how data analysis can help organizations identify opportunities, assess risks, and make informed decisions about their future direction.

8. The eighth part of the document addresses the importance of data literacy and training. It emphasizes that all employees should have the necessary skills and knowledge to effectively use data in their work.

9. The ninth part of the document discusses the role of data in innovation and research. It highlights how data analysis can help organizations identify new market opportunities and develop innovative products and services.

10. The tenth part of the document discusses the importance of data security and privacy. It outlines the necessary measures to protect sensitive data from unauthorized access, loss, or disclosure.

11. The eleventh part of the document discusses the role of data in customer relationship management. It explains how data analysis can help organizations understand their customers better and provide personalized, high-quality service.

12. The twelfth part of the document discusses the importance of data in supply chain management. It highlights how data analysis can help organizations optimize their supply chain operations, reduce costs, and improve delivery times.

13. The thirteenth part of the document discusses the role of data in human resources management. It explains how data analysis can help organizations attract, retain, and develop their talent, and improve overall organizational performance.

PHASE 1 OBSERVANCES

1. Were all vote choices correctly recorded? _____ Yes _____ No

If not, how many were incorrectly recorded? 1 *Steve Mark on Insurance Commission otherwise all marks appeared as intended*

2. Did the voter appear to have problems following the instructions? _____ Yes _____ No

If 'yes', please explain:

3. Did the voter appear to have problems navigating the ballot? _____ Yes _____ No

If 'yes', please explain:

4. Did the voter appear to have problems marking the ballot? _____ Yes _____ No

If 'yes', please explain: *The voter had difficulty handling a pen and navigating the pen on the ballot*

5. Was the voter able to vote privately and independently? _____ Yes _____ No

If 'no', please explain: *My observation was yes but the voter thought that usability issues in the write in form and the number of contests made independence impossible*

6. Were the proposed Use Procedures followed? _____ Yes _____ No

If 'no', please explain:

7. What, if anything, did the voter use for instructions on navigating the ballot? (e.g. audio tape, Braille booklet, etc) *Nothing*

8. Did the voter use the verification wand to verify *No*

**Vote-PAD/Hart
MONITOR RECORD**

vote choices?

_____ Yes No

9. Can the voter's vote choices be determined by inspecting the Vote-PAD booklet?

Yes _____ No

If 'yes', please document with photos *No Photos Available.*

10. Please note any other issues observed:

Vote- intentionally made marginal marks and expressed interest in how they would be resolved.

#129 Scott Lubking

Instruction Period:

Confusion over the Rows on top of ballot.

Multiple Sheets casting?

Conam

Should # the Clamps

On writing should have "write where" or "ask for write in sheet"

Determination of How races are counted & oriented. - No Instructions.

Recommend

(A numbering system on the face of the ballots)
Reliance on memory for ballot count.

Confusion on which column to begin in extends to poll worker

Instructions are unclear to where the column starts - A triangle between the Braille & the Double Bar ~~is~~ would help.

Further Confusion started in column 7.

Use Political Notes left in voting Machine

Mouth & Teeth Use - Provide for sterilization between voters. -

1. Shield arrangement ~~against~~ and arrangement in polly place
2. Lot of Coaching is required by the Write-in form Braille Staff is confused - Visual Question
1 + 2 is not Clear.
If Meaning Races 1-30 + 31-60 then Say So. - The first Column needs to be blanked out.
No easy way to check for redundancy. could be handled by Inter Resolution. Why not extend bars over letters.
A Header Says Write-in.
Cognitive problems will be very difficult. Natural format.
Repeat the letters in the columns.
