September 10, 2025

Aaron Nevarez
County of Los Angeles
12400 Imperial Hwy
Norwalk, CA 90650

Dear Mr. Nevarez,

On Wednesday, July 30, 2025, the California Secretary of State Office of Voting Systems Technology Assessment (OVSTA) received a request for administrative approval for one (1) modification to the Los Angeles County Voting Solution for All People (VSAP) 3.0 voting system pursuant to California Elections Code section 19216. The modification is as follows:

Type	Description
Update	Upgrade imbl Capture Suite version 4.5.4 to version 5.5.4

California Elections Code section 19216 precludes a voting system or part of a voting system that has been approved by the Secretary of State from being changed or modified until the Secretary of State has determined the change “does not impair its accuracy and efficiency....”

If the Secretary of State determines the change or modification does not impair the accuracy or efficiency of the voting system, the Secretary of State may administratively approve the proposed change or modification.

In addition, you submitted the following documents from Pro V&V, an Election Assistance Commission certified Voting System Testing Laboratory:

- Pro V&V Letter Report (Revised) - Smartmatic IBML Software Upgrades-03

Based on the application and supporting documentation from Pro V&V, this administrative approval is granted. All other conditions of the Los Angeles County VSAP 3.0 certification, dated March 31, 2022, remain in effect.

Sincerely,

A handwritten signature in black ink that reads "Jason Ando".

Jason Ando
IT Specialist I, OVSTA
California Secretary of State
