March 6, 2018

Jeff Ellington  
Runbeck Election Services  
2404 W 14<sup>th</sup> Street STE 110  
Tempe, AZ 85281-6920

Dear Mr. Ellington:

Your written request for approval of Runbeck Election Services' Sentio Lite Ballot Printing System (Sentio Lite), which is comprised of Early Voting System (EVS) software version 9.0.0.0 on a Dell 5480 laptop, has been received. Written confirmation from HART InterCivic, Dominion Voting and Election Systems & Software (ES&S), acknowledging your ballots conform to all system specifications, has also been received.

Based on the provided application, supporting documents, and the satisfactory results of examination and review testing, the Sentio Lite Ballot Printing System (Sentio Lite), which is comprised of Early Voting System (EVS) software version 9.0.0.0 on a Dell 5480 laptop, is approved for use in California for the following:

- HART HVS and Verity ballots on Oki B432, C532 and C831 printers.
- Dominion ImageCast ballots on Oki B432, C532, C831 and C9650 printers.
- Dominion Sequoia Optech and Premier AccuVote ballots on an Oki C831 printer.
- ES&S Electionware and Unity ballots on Oki B432, C532 and C831 printers.

If you have any questions or comments regarding this decision, please feel free to contact any member of the Office of Voting Systems Technology Assessment at (916) 695-1680.

Sincerely,

Rodney Rodriguez  
Voting Systems Analyst  
California Secretary of State
